

On Tuesday, January 26th 2010, the Orchestra Booster Club held its second meeting of the year. The meeting began at 6:30 pm in the orchestra classroom. In attendance were the Orchestra Executive Board, Orchestra Director Peter Park and eight booster members. President Mike Jett presided over the meeting. Topics included:

A review of the minutes of the prior meeting

Committee reports

President – Special thanks to volunteers who have gone above and beyond expectations for supporting the various orchestra groups during practices, concerts and concert preparations. Many spend extra time, money and provide personal items to make our events more enjoyable.

Vice President – No report

Treasurer – Financial recap provided and new budget provided for member discussion. The report was modified to include YTD expenses compared to budget. Peter discussed items he anticipates needing for the rest of the year and provided additional information on items already listed. The budget was voted on and approved.

Secretary – No report

Concert Chairs – Not present – Mike reported documents from the Hometown Fair and Winter Concert events are being collected and stored on the website for future use. Thanks to Tammy Choy for creating the special area.

Old business – The orchestra booster club will continue to operate as part of the Manhattan Beach Athletic Foundation. This was deemed appropriate because the expected investment earnings at this time would be small compared to the time and overhead expenses associated with running our own independent non-profit entity.
